

BNB

CLIENTELE TESTIMONIAL

Bore and Bore (BNB) is one of the largest emerging firms in the drilling industry. Established in 1990 with the aim of revolutionizing the national drilling industry and its programs designed to meet the challenges of the market, BNB in a very short span of time captured the drilling industry with its ambitious approach and hard work. The most diligent and hardworking team of BNB make it possible for BNB to stand as an emerging firm and a market leader in Pakistan. BNB has a keen track record of working throughout Pakistan with more than 1500 satisfied clients. Currently, BNB is a second-generation firm, with its portfolio consisting of four sectors which include Hydro (water drilling) Sector, Geophysical Exploration Sector, Geotechnical (Soil investigation/ Lab testing/ Piling) Sector and O&M (Operation and Maintenance) Sector. The team of the most brilliant and exceptional Geophysicists and Geologists of BNB always has certain new ideas and hands-on experience to serve the nation with satisfaction and efficiency. The state-of-the-art technology of BNB enables new techniques and methods to be introduced in Pakistan to provide solutions for planet needs. BNB since its establishment has enhanced the quality of the services provided by using the world's latest technologies, equipment and tools. We constantly strive to revamp the drilling system with a cost-effective, time friendly and reliable approach.

CLIENTELE REVIEWS

Thar Block II coal mine is currently 148m deep, which is approximately equal to the height of two Minar-e-Pakistan placed on top of each other

Waqas Abdul Aziz
Manager Geology and Mine Planning
Sindh Engro Coal Mining Company (SECMC)

"BNB have consistently performed with excellence and diligence on any of the projects assigned to them. May it be Water Well drilling services, Exploration Coring projects or Water Resource projects – BNB have always come up with cost effective sustainable solutions and remarkably completing the projects well under time and budget. I highly appreciate and recommend their services."

Takamori Kikuchi
Project Manager
Tobishima Corporation

" BNB has completed water deep well work for one of our projects. The work has been completed in accordance with the specification and technical appendix as per contract and handed over to the Tobishima Corporation in schedule time to the full satisfaction."

William S. Manahan
Operations Manager
Schlumberger

"BNB has completed cleaning our clients' deep tube well. We appreciate the responsiveness and the way BNB completed this work. The work was completed in accordance with the specifications provided to BNB in a timely manner. We are pleased with the results of their work and look forward to working with BNB again."

Iqbal Hussain
Manager Utilities
Denim Clothing Company (DCC)

"BNB has decades of relevant industry experience, managing projects in the millions, their expertise is much appreciated in providing supplies and installation for water well, submersible pump motor and revamping of RO. Plant for a denim clothing company. I also endorse on behalf of DCC the ability of O&M services for RO. and submersible Pump."

Muzamil Ismail
General Manager
Rajby Washing

"BNB has delivered the perfect solution for Rajby washing, being able to just hit required quality and quantity of subsurface water and have everything else handled exactly the way we needed. Further, the quality of services has been spot on. I highly recommend BNB for drilling services."

Anwar Lakhani
Owner
Lakhani Mills

"BNB has provided very satisfactory services. Their quality and knowledge for regional geology, subsurface water regimes are among the best. They honor their services and go out of their way to satisfy the customer. I highly recommend BNB."

Syed Qasim Ali Rizvi
Manager Energy
Getz Pharma Pvt Ltd

"We have had a great experience working with BNB and we look forward to considering BNB for providing us with their best services for our future projects."

Rana Waqar Ahmed
Plant Manager
Shangrila Pvt Ltd

"I wish to take this opportunity to thank you for the excellent work that BNB has performed for Shangrila. BNB's overall performance validated our decision to bring you on board as a drilling service provider for Shangrila. During work, BNB's team management and supervision skills were exceptional. The job safety, quality of service, fair pricing, attention to detail, and follow-ups on even the smallest issues were absolutely impressive."

Ahmed
Owner
Ahmed Fabrics

"We developed a great partnership while working with BNB team and their dedication to providing services is evident in all aspects. We appreciate their attention to detail and creative approach to getting things done in a well satisfactory manner. We recommend Bore and Bore for the best drilling service provider."

The logo for ASIO AFRICAN CO. features the company name in white, bold, sans-serif capital letters on a solid orange rectangular background.

Naeem Ahmed Khan Malik
Managing Director
Asia Africa

"Having a contractor like BNB to be very truly invested in a project, they really care about its success and is always valued highly. I highly recommend BNB and look forward to the opportunity to partner with BNB on future projects."

Zakir Dadabhoy
Owner
E.M Dadahboy Silk Mill (EMD)

"I would recommend BNB for all the drilling and water filtration services as I have been using BNB services for the bulk water supply for my factory and have always been completely satisfied. They do an excellent job, are always punctual and tremendously tall on technical grounds. "

Waqar Alam
Director
Geo Professional Consultants

"I have known BNB for a couple of years and during that time they have successfully completed many large projects under my supervision and guidance. BNB has pledged the new era of geology and hydrogeology for Pakistan Industry, whom I have dealt with. The whole team was excellent and put their best to do the right satisfactory job. I recommend BNB for quality services."

Tajamul Hussain Chishti
Executive Director
Naurus Pvt Ltd

"BNB has worked with us over the past few years. We have worked with them for water well project and have always found them to be a company that completes the jobs, gives quality services and has the highest business ethics."

Syed Saqib Ali
Senior Manager Engineering & Projects
Nabi Qasim Industries Pvt Ltd

"I have worked with the BNB for the project of water well and have known this company to be very competent and reliable. BNB handles the business in a very professional manner; they always respond timely and always keep in touch with their existing and past clients and are ready to provide any kind of customer service even after months or years."

Mam Asra
CEO
Marhama Group

"We want to take the opportunity to appreciate Bore and Bore for their completion of the given task. We also appreciate their cooperation and support during the work. We recommend Bore and Bore and their excellent services has built a good working relationship."

Mr Zeeshan
CEO
ZN Associates

"We are pleased to endorse Bore and Bore for competent contractor of satisfactory work completion. We appreciate Bore and Bore for their responsive way of taking up and completing the task. We strongly recommend Bore and Bore and wish them growth in the years to come."

Engr Ahmed
Senior Structure Engineer
AB Engineers

"We found Bore and Bore to be highly professional and completed the given work within specified time frame following all HSE protocols. We appreciate the quality service provided by Bore and Bore and highly recommend them for their offered services and wish them good luck for their future."

Sualeha Kishwar
Design Engineer
SMK Associates

"Bore and Bore have satisfactorily completed the awarded projects in the given tenure. They are specialists in their work and have completed the job to our best satisfaction. We highly recommend Bore and Bore."

COMPLETION CERTIFICATES

Date: October 13, 2014

To: Whom It May Concern

From: William S. Manahan, Operations Manager

Re: **COMPLETION CERTIFICATE FOR WORK DONE**

This memorandum is to certify that M/S Bore & Bore (BNB) has completed cleaning of our client's deep tubewell. We appreciate the responsiveness and the way BNB completed this work. The general scope of the work is outlined below:

- Cleaning and development of tubewell up to a depth of 1,361 ft. below land surface via the use of an air compressor until cuttings, cable wraps, debris and drilling mud were removed.
- Chemically treat the well with sodium hexa beta phosphate.
- Clean each screen section one by one within selected intervals of 20 ft. isolated by the use of a dual packer system on the eductor pipe.
- Disinfect the water well with chlorine.
- Pump out the disinfectant via submersible pump until the chlorine concentration dropped below 1 mg/l in the discharge water.
- Run video log (camera survey) and note down hole conditions including the water level, condition of screen and other pertinent information regarding the well condition.
- Prepare summary report.

The work was completed in accordance with the specifications provided to BNB in a timely manner. We are pleased with the results of their work and look forward to working with BNB again.

Evaluation of Work of Bore & Bore in MRDL

Through recommendation of relevant person, we have cooperated with Bore & Bore for the first in 2009. Due to your company quality and better work attitude, we have cooperation for a second time. 3 times cooperation projects as follows:

1. Measurement of inclination of well #1,3,5 and rehabilitation of Tube well #3 in 2009.
2. Measurement of inclination of newly developed well #1,5 in 2011.
3. Cleaning of well #5 in 2013.

With your perfect constructive equipment, advanced techniques, and excellent service, normal water supply and production of our company has been guaranteed. If necessary, we'd like to maintain cooperation with your company in the future.
